Name of the Scheme:

IIFL Focused Equity Fund

Type of the Scheme:

An open-ended equity scheme investing in maximum 30 multi-cap stocks

Investment Objective:

The investment objective of the scheme is to generate long term capital appreciation for investors from a portfolio of equity and equity related securities. However, there can be no assurance or guarantee that the investment objective of the Scheme would be achieved.

Asset Allocation Pattern of the Scheme:

The investment policies of the Scheme shall be as per SEBI (Mutual Funds) Regulations, 1996, and within the following guidelines. Under normal market circumstances, the investment range would be as follows

Instruments	Indicative Allocation (% of Net assets)		Risk Profile
	Minimum	Maximum	
Equity or* Equity Related Instruments	75%	100%	High
Debt and money market instruments	0%	25%	Low to Medium

*equity related instruments include convertible debentures, convertible preference shares, warrants carrying the right to obtain equity shares, equity derivatives and such other instrument as may be specified by SEBI from time to time

The Scheme will not participate in short selling, securitized debt, equity linked debentures, repo transactions of Corporate Debt Securities. The Scheme may invest in unrated debt and debt derivative instruments. Investment in debt derivatives shall be up to 10% of the net assets of the Scheme. The Scheme may invest in derivative products from time to time as permitted by SEBI. The exposure to derivative instruments shall not exceed 50% of the total Net Assets of Scheme. The Scheme will not participate in securities lending more than 20% of total Net Assets of the Scheme and would limit its exposure with regard to securities lending for a single intermediary to the extent of 5% of the total net assets at the time of lending.

Investment Strategy:

The Scheme would endeavour to identify the sectors that are likely to do well in the medium term, based on the business cycle of the economy and take focused exposure to securities of Companies in identified sectors. The sectors would be actively monitored and changes will be made to invest in sectors that will benefit from the current stage of the business cycle. The Scheme would take concentrated exposure in not more than 25 - 30 high conviction stocks in such sectors. The Scheme would be market cap agnostic and there wouldn't be any restriction on the sectors in which the fund can invest.

Risk Profile of the Scheme:

Mutual Fund Units involve investment risk including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Scheme specific Risk Factors are summarized below:

Risks associated with investing in Equities:

- Investments in the equity shares of the Companies are subject to price fluctuation on daily basis. The volatility in the value of equity is due to various micro and macro-economic factors like economic and political developments, changes in interest rates, etc. affecting the securities markets. This may have adverse impact on individual securities/sector and consequently on the NAV of Scheme.
- The NAVs of schemes investing in equity will fluctuate as the daily prices of the individual securities in which they invest fluctuate and the units when redeemed may be worth more or less than their original cost.
- The value of the Scheme's investments, may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or policies of any appropriate authority and other political and economic developments and closure of stock exchanges which may have an adverse bearing on individual securities, a specific sector or all

sectors including equity and debt markets. Consequently, the NAV of the units of the Scheme may fluctuate and can go up or down.

- d. Investors may note that Fund Manager's investment decisions may not always be profitable, as actual market movements may be at variance with anticipated trends.
- e. Securities which are not quoted on the stock exchanges are inherently illiquid in nature and carry a larger liquidity risk in comparison with securities that are listed on the exchanges or offer other exit options to the investors, including put options. Such securities, however, increase the risk of the portfolio. Additionally, the liquidity and valuation of the Scheme's investments due to its holdings of unlisted securities may be affected if they have to be sold prior to the target date of disinvestment.
- f. The sector weightage in the fund would be different from that in the Index. Because of this the fund returns could be divergent from the Index returns and could also under-perform if the sector calls do not go right as expected by the fund management team.

Risk associated with Investing in Debt and money market instruments:

The performance of the Scheme may be affected by changes in macroeconomic factors such as Government policies, general levels of interest rates and risks associated with trading volumes, liquidity and settlement systems.

Risk associated with Investing in Derivatives:

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of the fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

Risk associated with Securities Lending:

Securities Lending is a lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed.

Risk Mitigation Measures:

Risk is an inherent part of the investment function. Effective Risk management is critical to fund management for achieving financial soundness. Investment by the Scheme would be made as per the investment objective of the Scheme and in accordance with SEBI Regulations. AMC has adequate safeguards to manage risk in the portfolio construction process. Risk control would involve managing risk in order to keep in line with the investment objective of the Scheme. The risk control process would include identifying the risk and taking proper measures for risk. The system has incorporated all the investment restrictions as per the SEBI guidelines and enables identifying and measuring the risk through various risk management tools like various portfolio analytics, risk ratios, average duration and analyses the same and acts in a preventive manner.

Dematerialization of Units:

The applicants intending to hold Units in dematerialized mode will be required to have a beneficiary account with a Depository Participant of the NSDL/CDSL and will be required to mention in the Application Form details of the at the time of purchasing Units.

Liquidity:

The Scheme will offer Units for Purchase and Redemption at NAV related prices on every Business Day on an ongoing basis, commencing not later than 5 working days from the allotment of units of the scheme. The Mutual Fund will dispatch the Redemption proceeds not later than 10 business days from the acceptance of the Redemption request

Plans and Options:

- Regular Plan
- Direct Plan
- Income Distribution cum Capital Withdrawal (IDCW) Option
- Growth Option.

Income Distribution cum Capital Withdrawal (IDCW) Option will have facility of Payout of Income Distribution cum Capital Withdrawal option (IDCW Payout) and Re-investment of Income Distribution cum Capital Withdrawal option (IDCW Re-investment). If the applicant does not indicate the choice of Option in the Application form, the fund accepts the application as being for the Growth Option. Under Income Distribution cum Capital Withdrawal (IDCW) Option, if applicant has not indicated the facility, the default facility accepted will be Re-investment of Income Distribution cum Capital Withdrawal option (IDCW Re-investment).

Applicable NAV (after the scheme opens for repurchase and sale):

The AMC will calculate and disclose the NAV of the Scheme on all business days. The AMC will update the NAVs on AMFI website www.amfiindia.com before 11.00 p.m. on every business day. If the NAV is not available on AMFI website before the commencement of Business Hours on the following day due to any

reason, the Mutual Fund shall issue a press release giving reasons and explaining when the Mutual Fund would be able to publish the NAV.

• Applicable NAV for Subscriptions / Switch-ins (irrespective of application amount):

1. In respect of valid applications received upto 3.00 p.m on a Business Day at the official point(s) of acceptance and funds for the entire amount of subscription/purchase (including switch ins) as per the application are credited to the bank account of the respective Scheme before the cut-off time i.e., available for utilization before the cut-off time - the closing NAV of the day shall be applicable.

2. In respect of valid applications received after 3.00 p.m on a Business Day at the official point(s) of acceptance and funds for the entire amount of subscription/purchase (including switch ins) as per the application are credited to the bank account of the respective Scheme before the cut-off time of the next Business Day i.e., available for utilization before the cut-off time of the next Business Day - the closing NAV of the next Business Day shall be applicable.

3. Irrespective of the time of receipt of application at the official point(s) of acceptance, where funds for the entire amount of subscription/purchase as per the application are credited to the bank account of the respective Scheme before the cut-off time on any subsequent Business Day - i.e., available for utilization before the cut-off time on any subsequent Business Day - the closing NAV of such subsequent Business Day shall be applicable.

4. The aforesaid provisions shall also apply to systematic transactions i.e., Systematic Investment Plan (SIP), Systematic Transfer Plan (STP). For determining the applicable NAV for allotment of units in respect of purchase / switch-in to the Schemes, the following shall be ensured:

- i. Application / switch-in request is received before the applicable cut-off time.
- ii. Funds for the entire amount of subscription / purchase as per the application / switch-in request are credited to the bank account of the respective Scheme(s) before the cut-off time.
- iii. The funds are available for utilization before the cut-off time without availing any credit facility whether intra-day or otherwise, by the respective Scheme(s).
- iv. In case of switch transactions from one scheme to another scheme, the allocation shall be in line with the redemption payout.

For Redemption/ Switch out:

In respect of valid applications accepted at an Official Point of Acceptance up to 3.00 p.m. on a Business Day, the closing NAV of the same day will be applicable; and In respect of valid applications accepted at an Official Point of Acceptance after 3.00 p.m., the closing NAV of the next Business Day will be applicable.

Minimum Application Amount:

- New Purchase – Rs. 1,000 and in multiples of Rs. 100 thereafter.
- Additional purchase – Rs. 1,000 and in multiples of Rs. 100 thereafter
- Systematic Investment Plan (SIP)
 - Rs. 1000 per month for a minimum period of six months.
 - Quarterly Option – Rs. 1,000 per quarter for a minimum period of 6 quarters.

Investments above the minimum amount mentioned, shall be made in multiples of Rs. 100 for all SIP irrespective of frequency of SIP or the Option. The minimum application amounts listed above does not apply in case of Transfers.

The AMC in consultation with the Trustees reserves the right to discontinue/ add more plans/ options at a later date subject to complying with the prevailing SEBI guidelines and Regulations.

Repurchase/ Redemption:

The minimum amount in rupees for Redemption shall be Rs. 1,000/- or account balance whichever is less. Investor may note that upon the processing of part redemption/switch out request, if the account balance in the scheme falls below Rs. 1,000/- then the same will be redeemed/switched out along with the said request.

Switches:

The minimum amount in case of inter/ intra scheme (inter plan/inter option) switches shall be the minimum amount required in the respective transferee scheme/plan.

Cash Investments:

It is permitted to accept cash transactions to the extent of Rs. 50,000/-, however, the Asset Management Company is in process of implementing adequate systems and controls to accept Cash Investment in the Scheme. Information in this regard will be provided to Investors as and when the facility is made available.

Despatch of Repurchase (Redemption) Request:

Within 10 Business Days of the receipt of valid redemption request at the Official Points of Acceptance.

Benchmark Index:

S&P BSE500 TRI

IDCW Policy:

Under Income Distribution cum Capital Withdrawal (IDCW) Option, dividend will be declared subject to availability of distributable surplus and at discretion of AMC/ Trustee. The undistributed portion of the income will remain in the

Option and be reflected in the NAV, on an ongoing basis. The Trustee's decision with regard to availability and adequacy, rate, timing and frequency of distribution of dividend shall be final. The dividend can be distributed out of investors capital (equalization reserve), which is part of sale price that represents realized gains.
